IMPORTANT REMINDERS

No protection systems can replace your constant and active vigilance!
Never let children access the pool alone nor leave them alone, even for a few moments.

CONSUMER INFORMATION.

Please read carefully and keep in a safe place.

Classic B-1.1 and Classic Above-Ground B-1.0 bar covers are pool safety covers designed to prevent children under 5 years old from accessing the pool. A child can drown in under 3 minutes. No type of protective measure can replace the surveillance and vigilance of a responsible adult. This product complies with the NF P 90-308 standard. It is not a substitute for common sense or personal responsibility. The purpose of these covers is not to replace the vigilance of parents and/or responsible adults which remains the essential factor for the safety of young children. **Order form:** For the cover to be correctly fitted to the pool, it is essential to supply a drawing of the pool. **Warranty:** 3 years **Wintering:** do not lower the water level during the winter period, even before installing the cover. Operating time: unrolling the cover requires 1 person and takes about 3 minutes. **Use:** in all seasons. The water level must be between 5 and 15 cm below the coping. **Packing list** 1 pack of 0.30 x 0.35 x 5 m. Weight 80 kg.
